

Sunshine Workforce would like to introduce the Global Pay Card.

We are going to start the transition from a paper check to either direct deposit or pay card.

There are many advantages with the pay cards. I have compiled a list of the ATM's where the employees can make an ATM withdrawal, once per pay period, free of charge. They can also go to a bank teller and make a full withdrawal, again free of charge. It will save on the expensive fee for cashing a check every week.

Another advantage from the office stand point would be the ability to instantly add funds to the card if there is a mistake in the reporting of the hours or an error on our end. The employees will not have to wait for the checks to arrive in the mail. The funds will be deposited before 8AM on pay day.

If you could please take some time and try to explain how beneficial this will be for everybody involved.

If you have any questions, please do not hesitate to call me any time.

Thank You
